

**New Product Introduction**

March 29, 2011

**Narrow Pitch Connector (0.4mm pitch) A4US Series:  
 Ultra-Slim Body with 2.2mm Width**

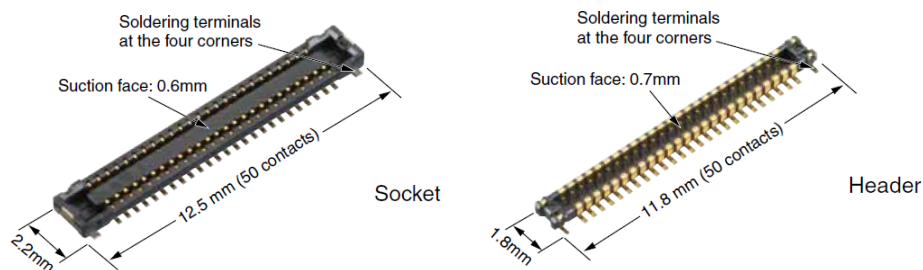

For Board-to-FPC

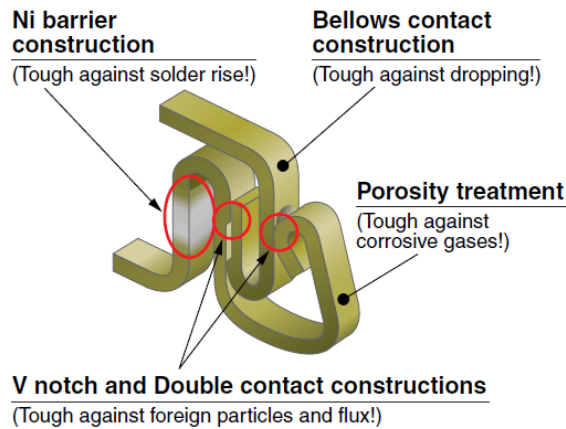

**1. Features:**

- **Ultra-slim (Mated width: 2.2mm and Mated height: 0.8mm)**

The footprint when mated is approx. 12% smaller than our existing A4S model (50 contact), contributing to functionality enhancement and size reduction of end device.

- “Tough Contact Advanced” construction adopted to ensure high resistance to various environments.

---

## 2. Applications:

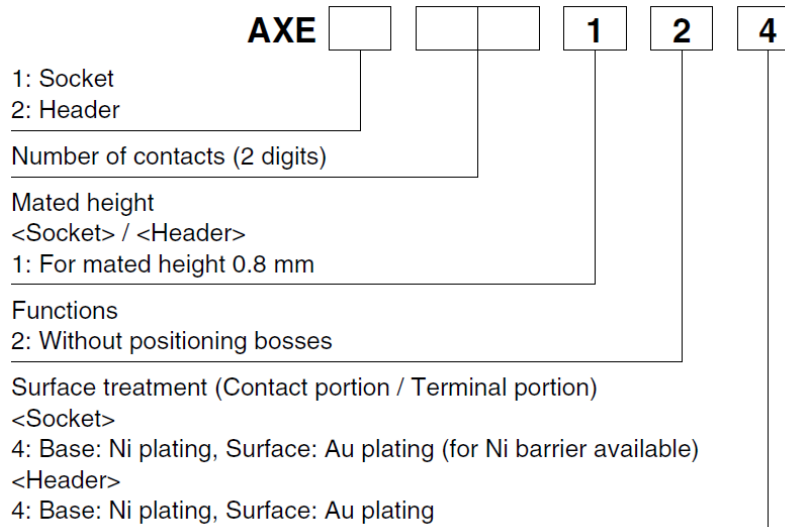

- FPC connections of portable devices that require size and thickness reduction and functionality enhancement.

---

**3. Availability:** March 2011, production basis.

---

## 4. Ordering Information:

---

**5. Technical Information:** PDF datasheet is attached.
