ABOUT OUR COMPANY

Utech Electronics was created in 1991 to fill a void in the Canadian marketplace for a distributor specializing in SURFACE MOUNT TECHNOLOGY. We have broadened our portfolio to include electro-mechanical components, and have become one of Canada's leading distributors.

We have succeeded in servicing O.E.M. customers and their contracted manufacturing facilities. We are capable of servicing the most diverse requirements from our customer base.

With our world-class manufacturers, we offer quality components from stock at competitive prices with on time delivery.

Utech is committed to a quality management system that makes quality a basic business principle.

The strategy is based on customer satisfaction achieved by meeting both internal and customers' requirements through ISO 9001:2015.

Our sales representatives and customer service personnel are knowledgeable and professional at all levels of our organization. We take pleasure in serving you, OUR CUSTOMER!

ADDED VALUE

- / Customized Samtec cutting in house
- / Resistor kits
- / Cable assemblies
- / Capacitor kits
- / Capacitor testing (when requested)
- / Same day shipping on most orders
- / We sell SMT in small quantities
- / e-commerce
- / MRP share compatibility
- / Custom bar code labels
